

Healthcare Can Liners

BY HERITAGE™

Healthcare Can Liners by Heritage aid in laboratory functions and general-purpose areas where flexibility and durability are of the utmost importance. These bags are designed with a focus on purpose through specific colors and prints. Made from high-quality blended resins for superior strength and puncture resistance.

BLUE LINERS

- Designed to contain soiled linen
- Are not required to meet federal and state regulations

RED AND YELLOW COLORED LINERS

- Designed to contain biochemical waste or blood borne pathogens (Infectious biochemical waste)
- Meet federal and state regulations

Healthcare Can Liners

Item #	Capacity	Bag Size (Inch)	Plastic Type	Gauge	Color	Bags/Case	Printing Description
Z4824RN R01	4-7 Gal	24 x 24	HDPE	6 Mic	Natural	1,000 Flat	Non-Printed

+Bags meeting DOT standards

*Accufit® Can Liners

Red or Yellow colored liners being used to transport hazardous waste off-site using public highways must meet federal and state regulations required for the transportation of regulated medical waste. The State Department of Transportation (DOT) requires that biohazard bags must meet the impact resistance of 165g (ASTM D1709) and tear resistance of 480g (ASTM 1922).
