PACKAGING
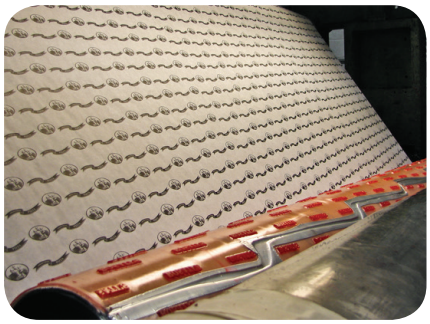
BAGCRAFT™
A NOVOLEX BRAND



At Bagcraft®, we take pride in transforming rolls of paper into an unlimited range of products and uses. Whether you are supporting an agricultural packaging company, an industrial manufacturer needing a wide variety of packaging materials, or solving the needs of the ever-changing print market, Bagcraft® has the solution you need to effectively serve your customer.

As a service-oriented manufacturer, Bagcraft® combines integrity, experience, an integrated software system, a vast inventory, environmental initiatives, shipping flexibility, and state-of-the-art paper converting equipment with virtually any grade of paper to offer a wide variety of products serving key market segments, including:

- Food Processing & Agricultural Packaging
- Industrial Packaging
- Contract Converting & Printing Grades

Bagcraft® is proud to offer the very best in product availability, quality, consistency, and service. Whatever your paper or packaging need, we look forward to for you.

Sustainability

NOVOLEX™

A continuous journey of improvement

Novolex is a leader in sustainable paper and plastic flexible packaging with a broad portfolio of solutions focused on source reduction, energy and water conservation, and end of life product planning and management.

Some of the Novolex™ sustainability solutions we bring to our customers include: recycled content plastic and paper products, compostable plastic and paper products, renewable substrates, Novolex's Bag-2-Bag® plastic bag and film recycling program, lower impact substrates such as our EcoCraft® line of paper products, and other industry leading innovations that minimize raw materials while maximizing performance.

Industrial Packaging

Industrial packaging is one of the most essential elements of bringing a product to market safely and efficiently.

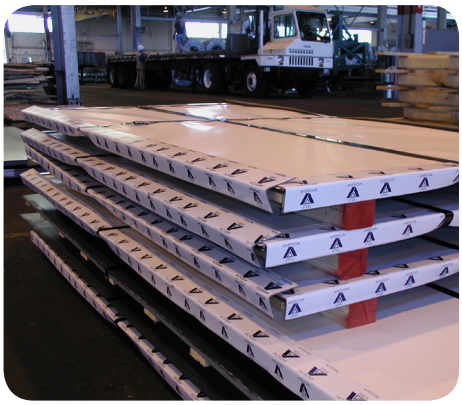
At Bagcraft®, we've been producing quality protective packaging at a competitive price for more than 40 years. In fact, sheets and rolls of nearly every conceivable size and material leave the plant daily for a multitude of industries, including:

- Aircraft
- Automotive
- Bottling and Brewing
- Brick, Tile and Ceramics
- Chemical
- Door, Window, and Wood Products
- Electronics and Metals
- Glass
- Retail
- Solar & "Green" Energy

Our line of industrial packaging products addresses a number of needs for both commodity and value-added items, including:

Product Protection:

Snowpac™ store tissue, newsprint, standard Kraft, anti-slip papers, poly-coated papers and boards.



Cushioning:

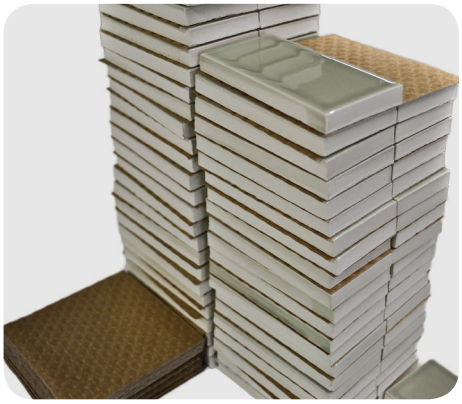
Laminated and embossed Kraft, linerboard sheets and rolls, including Cushion Wrap™

Separation:

Chipboard and linerboard for separators, dividers, and pallet cover sheets. Sure Stack™ anti-slip for added stability.

Corrosion and Moisture Protection:

Neutral pH paper to resist corrosion and oxidation. Poly-coated papers to prevent moisture transfer.



If you have a need for special sizes, shapes, weights, printing or coatings that are not readily available, our design team can develop a customized solution for you at a valued price.

SFI® and FSC™ certified grades are available. For more information on Novolex's sustainability partnerships please visit: novolex.com/sustainability

The mark of responsible forestry

SUSTAINABLE FORESTRY INITIATIVE

Good for you. Good for our forests.℠
SFI-00622

The Forest Stewardship Council™ (FSC™)
Bagcraft® is certified under the Forest Stewardship Council under the Chain of Custody standard (C122272). Products carrying the FSC label are independently certified to assure consumers they come from forests that are managed to meet the social, economic and ecological needs of present and future generations.

The Sustainable Forestry Initiative® (SFI®)
Bagcraft® is SFI certified under the Sustainable Forestry Initiative program requirements for Fiber Sourcing and Chain of Custody for its converted paper products and printing (Cert no. BV-SFICOC-US09000090). One of the largest certification systems in the world, its mission is to integrate the continual growing and harvesting of trees.

Food processing and agriculturally-based companies look to Bagcraft® for commodity and specialized paper products.

Bagcraft® has found numerous ways to customize paper sheets and rolls that provide economical solutions to food and agricultural packaging by offering a wide variety of products addressing ventilation, protection, and unique die-cutting. Examples of companies utilizing these products include:

- Bakeries
- Candy manufacturers
- Frozen food packers
- Vineyards
- Institutional kitchens
- Orchards, including: Apple, Cherry, Grape, Pear, Pineapple
- Nurseries
- Poultry & Hatcheries
- Specialty fruit retailers
- Vegetable growers

In addition to the listed paper grades and products in the food service menu, Bagcraft® offers:

- Cake boards
- Dessert trays
- Candy pads
- Chip & liner board
- Date wrap
- Embossed chick pads
- Grape tissue
- Multi-ply embossed pads for: Apples, Asparagus, Cherries, Grapes, Pineapples
- Sulfur Dioxide Pads and Bags
- Pear wrap

SFI® and FSC™ certified grades are available. For more information on Novolex's sustainability partnerships please visit: novolex.com/sustainability

HACCP
BUREAU VERITAS
Certification
Nº US005553-1

Hazard Analysis Critical Control Point (HACCP)
Bagcraft® utilizes the HACCP system for all food packaging products. The HACCP system proactively monitors Bagcraft®'s production environment to greatly minimize the possibility of contamination and biological, chemical or physical hazards.

Today there is an ever-increasing demand for quality-converted and custom size papers at an economical price.

Whether you are looking for quality sheeting or rewinding, Bagcraft® can offer the products and services provided by traditional paper mills.

Three precision sheeters, backed by a well-trained staff, convert book, text, cover, and coated board grades to stringent quality standards. Round-the-clock production allows for high volume and quick turns.

Bagcraft® places significant emphasis on partnership. It is Bagcraft®'s responsibility to use the utmost integrity and accuracy when accounting for customers' paper. Bagcraft® has the ability to provide specific roll-to-sheet tracking and roll-by-roll waste reports.

In addition to high-quality precision sheeting, Bagcraft® provides Engineering Copy Rolls to engineering and media printing companies.

- Sub 20 & 24
- 92+ GE Bright Bond, Inkjet, and Colored Bond
- Packaged in individual cartons or bulk bins

Two choices of certifications: FSC™ 100% Recycled (BV-COC-983285), SFI® Certified Sourcing (BV-SFICOC-US09000090)

Produced in our Vancouver, WA Plant
